Jay Vegad

Frontend Web Developer
Rajkot, Gujarat, India

Summary

Frontend Web Developer | College Student

I'm a passionate Frontend Web Developer currently pursuing my college degree. My skill set includes:

- HTML, CSS, JavaScript
- Frameworks: Tailwind CSS, Bootstrap
- Libraries: jQuery
- Familiar with React

While I'm new to the professional world, I'm enthusiastic about creating responsive and user-friendly web interfaces. I'm constantly learning and improving my skills to stay up-to-date with the latest web technologies.

As a student, I'm eager to apply my knowledge to real-world projects and gain practical experience. I'm open to internships, collaborative projects, or entry-level opportunities in frontend development.

Let's connect if you're looking for a motivated junior developer or if you'd like to discuss web development trends!
